Myths and Legends of the Bantu Index

Bantu mythology is one of the more unique mythologies of the continent. The differences don't immediately jump out, given more superficial details, but soon become apparent the further you go. On the surface they are monotheistic, animist, and believe in the spirits of their ancestors - all common through the Sub-Saharan regions.

The kishi is a two-faced demon in Angola.According to legend, a kishi has an attractive human man's face on the front of its body and a hyena's face on the back. Kishi are said to use their human face as well as smooth talk and other charms to attract young women, who they then eat with the hyena face. The hyena face is said to have long sharp teeth and jaws so strong they cannot be pulled off ...

A creation myth (or cosmogonic myth) is a symbolic narrative of how the world began and how people first came to inhabit it. While in popular usage the term myth often refers to false or fanciful stories, members of cultures often ascribe varying degrees of truth to their creation myths. In the society in which it is told, a creation myth is usually regarded as conveying profound truths ...
