That means you've got access to an entire library of classic literature that you can read on the computer or on a variety of mobile devices and eBook readers.

Decentralization Forests And Rural Communities

This book argues that policy solutions to resource dilemmas faced by forest-accessing rural communities must be flexible, and should allow for local dynamics and innovations to take place. Presenting case studies from Bhutan, India, Indonesia, Nepal, Thailand and Vietnam, this volume investigates how decentralization is affecting local stakeholders and their management of forest resources.

Decentralization is one of the most important innovations in environmental policy during the past 30 years. Despite the pervasiveness and large amounts of resources invested to implement these reforms, little is known about their environmental effects. Given worldwide interest in forest conservation, this lack of knowledge hampers efforts to improve the effectiveness of current policy initiatives.
