After a little research, I chose a new Fahrenheit FUH54 garage heater. At 5000 watts, it is still undersized for my 24' x 28' garage, but it will provide more heat than my old heater did. Fahrenheit makes a 7500 watt model also, but I would have had to run new wiring for that one. The existing wiring already had 10/3 cable, so the FUH54 was the ...

Installing a Fahrenheit FUH54 Electric Garage Heater

Fahrenheit FUH Electric Garage Heater. This heavy-duty heater provides a longterm comfort solution wherever you need to warm up — garages, workshops, basements, even outdoor spaces. Aim heat anywhere with adjustable louvers and flexible mounting options for both horizontal and vertical applications.

Fahrenheit FUH Electric Garage Heater | Marley Engineered ...

Fahrenheit offers a variety of electric heating solutions for residential and light commercial applications. Designed to meet your needs for either primary or supplemental heating, Fahrenheit products are ideal for use in bedrooms, bathrooms, dens, workshops, garages and other spaces. The Fahrenheit ® brand has been a part of the Marley Engineered Products family since 1986, drawing upon the company's long history of providing reliable, comfortable heating and ventilation solutions.

Fahrenheit Heaters - Wall, Baseboard, Garage, & More | MEP

Quick comfort — that's what you'll get with this baseboard convector. This hard-wired heater provides fan-free warmth without circulating dust and debris. There's no need to worry about the unit overheating — its thermal cutoff function disconnects the power if it senses an unnecessarily high temperature.

F2500 - Electric Baseboard Heaters | Marley Engineered ...

Model #: FUH54. Internet #: 202043073. Provide 5,000 watts of heating power to up to 500 sq. ft. of a garage, basement and warehouse or construction addition using this Fahrenheit 5,000-Watt Portable Electric Heater. A high-level cut-out automatically deactivates the heater if it reaches overheat levels and reactivates it automatically when temperature returns to normal, helping to keep your space safe.

Fahrenheit 5,000-Watt Unit Heater-FUH54 - The Home Depot

The Fahrenheit FUH 54 has a built in thermostat for easy controlling of the rooms exact heat. The temperature can easily be changed with the turn of a knob. A small but important feature to me when it comes to fan heaters, is that the fan won't actually start spinning until the inside element has reached its optimal temperature.
