Internal Family Systems Therapy Richard

Internal Family Systems is a powerfully transformative, evidence-based model of psychotherapy. We believe the mind is naturally multiple and that is a good thing. Our inner parts contain valuable qualities and our core Self knows how to heal, allowing us to become integrated and whole. In IFS all parts are welcome. IFS is a movement.

What is Internal Family Systems? | IFS Institute

The Internal Family Systems Model is an integrative approach to individual psychotherapy developed by Richard C. Schwartz in the 1980s. It combines systems thinking with the view that the mind is made up of relatively discrete subpersonalities, each with its own unique viewpoint and qualities. IFS uses family systems theory to understand how these collections of subpersonalities are organized.
