Industrial Diesel Engines | John Deere US

An essential part of engine care involves regular oil changes and refills. For John Deere engines, there are certain motor oils that the company recommends. One of these is the John Deere PLUS-4 oil, which comes in SAE 10W-30 or 10W-40 grades. John Deere has also approved some oils that may be used in its place.

Motor Oils Compatible With the John Deere Plus-4 | It ...

Low or no oil pressure leads to engine lock-up, resulting in an engine rebuild. Preventing oil pressure problems requires regular checking and changing of oil. For Yanmar diesel-powered tractors, change your oil every 100 hours or -- if using dyed, off-road diesel fuel that has a high sulfur content -- every 20 hours; however, the type of oil ...
