The principal focus of science teaching in key stage 3 is to develop a deeper understanding of a range of scientific ideas in the subject disciplines of biology, chemistry and physics. Pupils...

Science programmes of study: key stage 3

Organisation of the Collins Key Stage 3 Science course There are two biology, two chemistry and two physics chapters in each year. This means that science can be delivered as one subject or by subject specialists. A scheme of work shows both 3-year and 2-year routes though the course to aid long-term planning, see page 242.
