Ships In The Fog

Springboard

The "Fleet of Fog" is composed of a great number of unmanned AI-controlled vessels that appear as replicas of WWII battleships and

File Type PDF Ships In The Fog Springboard

submarines. All "Fog" ships revealed to date are replicas of ships that were operational during WWII. These vessels, however, are equipped with technology far exceeding anything that humanity had achieved at that time.

Meteorologists recognize four distinct types of fog. Knowing what type is present can help you cope with it more effectively.

Advection fog. Also known as sea fog, this is the most common type. It's formed when warm, moist air passes over cold water. The cold causes the moisture to condense, forming tiny water droplets suspended in
